

## Applying for a house with Hawthorn Housing Co-operative

If you are applying for housing with the Co-op, we think it is important that you are realistic about your chances of getting a house. This is because the Co-op only has a small number of houses and we don't have many to let each year.

We also have a really high demand for our homes.

The table below provides you with information that shows just how long you may have to wait.

Size of house	No. on waiting list in February 2024	No. of houses let to waiting list applicants in 2023
1 bedroom	76	1
2 bedroom	188	1
3 bedroom	123	1
4 bedroom	41	0

This clearly shows that even applicants with a very high priority are likely to have to wait for a long time before we can offer them a house.

Because we have so many applicants and so few houses to let to applicants, we will only contact you –

- once a year to review your application and circumstances or
- to let you know if you are being considered for the offer of a house.

Please let us know if there are any change in your circumstances as this could affect your chances of being offered a house.
